Welcome to the 6th annual International Society for the Perioperative Care of the Obese Patient (ISPCOP) Symposium. The mission of ISPCOP is to promote excellent clinical care, education, and research regarding the care of the obese patient throughout the perioperative period. Previous scientific sessions have yielded excellent submissions and engaging discussions, and we expect nothing less this year.

Consider submitting your obesity-themed abstracts to the 6th annual ISPCOP Symposium in Boston. Abstracts presented at other meetings, including the ASA, are eligible. Submissions will be judged by a panel of ISPCOP board members for inclusion in the scientific session.

The three top scoring abstracts will receive an *ISPCOP Research Award*:

- First: \$400 cash plus 2 years free membership in ISPCOP (\$500 value), and presentation of your work in a 5 minute oral presentation at the symposium
- Second: \$200 cash plus 1 year free membership in ISPCOP (\$250 value)
- Third: \$100 cash plus 1 year free membership in ISPCOP (\$150 value)

We look forward to hearing about your obesity related research and seeing you in Boston.
